

Let's Dance the Night Away

You comb your hair, you bite your lips, you're somethin' (somethin').
You lift your hands, my heart begins to race, you're somethin' (somethin').
You turn around, and you watch my face, you're somethin' (somethin').

Oh, you're seeing me in the money,
Oh, hoping you're with nobody,
Oh, frustrated for seeing you,
Tonight,
Tonight,
Tonight.

I breathe you in, I hold on tight, you're somethin' (somethin').
I hide and wait, I can't believe my fate, you're somethin' (somethin').
You look my way, I freeze on warm hot days, you're somethin' (somethin').

Oh, you're seeing me in the money,
Oh, hoping you're with nobody,
Oh, frustrated for seeing you,
Tonight,
Tonight,
Tonight.

Oh let's dance the night away,
Oh let's dance the night away,
Oh let's dance the night away,
Oh let's dance the night away.

A moment we have, let's walk through the gates, you're somethin' (somethin').
I can't refuse, it's time to celebrate, you're somethin' (somethin').
Come take my hand, the future we can't escape, you're somethin' (somethin').

Oh, you're seeing me in the money,
Oh, hoping you're with nobody,
Oh, frustrated for seeing you,
Tonight,
Tonight,
Tonight.

Oh let's dance the night away,
Oh let's dance the night away,
Oh let's dance the night away,
Oh let's dance the night away.

Hey, hey, hey!
Hey, hey, hey!
Hey, hey, hey!
Hey, hey, hey!
